WELCOME

A clear, professional website should make it easier for people to understand what you offer, trust your business, and take the next step.

Dillon Builds creates practical, responsive websites without agency-sized pricing. Every project is shaped around the client's actual goals, budget, and timeline.

What you can expect:

- Clear communication from start to finish
- Mobile-friendly design
- A focused plan before development begins
- Straightforward pricing with no surprise charges
- A site you can confidently share with customers

WHAT THE PROCESS LOOKS LIKE

1. Project request

You complete the quote form with your goals, preferred pages, budget, and timeline.

2. Discovery and recommendation

I review the request and recommend the most practical package, features, and project scope.

3. Quote and agreement

You receive a written quote outlining deliverables, timeline, included revisions, and payment terms.

4. Content collection

You provide your logo, photos, business details, service descriptions, and any existing brand materials.

5. Design and development

I build the website and share progress at agreed checkpoints.

6. Review and revisions

You review the site and request changes included in your package.

7. Launch

After final approval and payment, the website is connected to its domain and launched.

PROJECT QUOTE WORKSHEET
